FOR IMMEDIATE RELEASE

Marlow Explorer 80E

Snead Island, Florida – September 2017 (Marlow Yachts Limited, Inc.)

Our Marlow Explorer 80E featuring the ever popular Command Bridge option will be displayed at the Ft. Lauderdale Boat Show in November. She has just arrived in the USA from our Green Environmental Boat Factory in the garden city of Xiamen, China. Our pristine and botanical park-like Snead Island service yard is performing a detailed commissioning to have her standing tall as all Marlows have since hull one was started nearly twenty years ago.

As you ascend the double entry stairs to the aft deck, you find yourself at the inviting settee with teak hi-lo table watching beautiful sunsets with your loved ones and friends. Entering through the salon doors, you are awed by the quality of finishes throughout from machinery spaces to anchor light. The variety of dining areas to have an elegant or casual dinner with cocktails with your guests aboard will astound you. The salon is complete with an upscale dining area featuring custom teak table, chairs, buffet and china cabinet. Forward of the galley, surrounding the exotic dining table features seating finished with exquisite ultra leather covering.

Up one level to the very large Command Bridge is a command and control center fit for any ocean roaming vessel with few restrictions on her travels. A sanctuary with built in dining lounge allows several guests to observe the precision with which the Captain safely guides this highly engineered yacht. Through the aft door, a custom designed bar and stainless steel stools with separate seating makes your dining choices complete on or at any level. Barbeque your favorite meals and serve your favorite libations while enjoying a panoramic view of the waterways.

Hull #7 has four staterooms and a large and well thought out crew quarters complete with twin and double beds. Exquisite high gloss teak and holly decks are found on all levels. To make your cruising experience most enjoyable and memorable, well designed and unique storage solutions have been built to make full use of every corner.

There are no crowded spaces in this stunning model as every area is spacious, including the engine room, machinery spaces and crew accommodations. Equipped with CAT C-32 1800 HP engines and featuring 3800 *usable* gallons of fuel, her owner will enjoy an extensive cruising range to many long distance ports without refueling. With top end speed of approximately 30 knots she will leave most

Marlow Explorer 80E

Snead Island, Florida –September 2017 (Marlow Yachts Limited, Inc.)

in your wake, your destination quickly reached or you may choose cruising at a world girdling displacement speeds around the clock for 3000 miles nonstop without the long and slow roll periods that limit displacement cruisers to mind numbing pace. DuPont Kevlar reinforces and protects her heavy duty hull against perils while her proprietary Strut Keels ©® provide arrow straight tracking and running protection gear protection. Her proprietary designed and CNC cut propellers offer efficiency no common offering approaches.

We look forward to welcoming you at our display at the Ft. Lauderdale Boat Show on Dock BC, South end of Bahia Mar Yachting Center.
