FOR IMMEDIATE RELEASE

Marlow Explorer 49E

Snead Island, Florida – September 20, 2018 (Marlow Yachts Limited, Inc.)

The Marlow Explorer 49E continues to be one of our most popular models with hull number 30 approaching and she will be a part of our featured lineup at the Fort Lauderdale Boat Show.

Her sparkling oyster white hull with a semi enclosed fly bridge will continue to turn heads and all who board her will be impressed with her design, accommodations, fit and finish at every turn.

Twin entry stairwells lead invitingly from the swim platform for perfect access to the spacious aft deck and salon. Immediately upon entering the large main salon, visibility is stunning, revealing all the way through the galley to the forward windows with open and expansive flow, making everyone part of the activities.

With built in settees, covered in plush ultra-leather, on the port and starboard sides, and high gloss teak and holly floors throughout, an exquisite and comfortable setting surrounds you while cruising or at anchor. The built in wine/liquor storage make entertaining a breeze.

The standup engine room is a must see and is a show stopper of the first magnitude; having no competitor of similar or much larger length in the industry. Since the Marlow Explorer 49E's debut, she has truly revolutionized the industry providing the seaworthiness, comfort and style that Marlow owners have come to enjoy and respect in a value laden remarkably capable yacht.

The exterior seating including the Portuguese bridge forward will provide long lasting memories of beautiful sunsets and the wonders of the sea.
