**FOR IMMEDIATE RELEASE**

## **Marlow Explorer 70E MK II**

**Snead Island, Florida – February 5, 2020 (Marlow Yachts Limited, Inc.)**

**Marlow Yachts is very proud to present the 70E MK II as part of their lineup at the Miami Yacht Boat Show. Since 2002 our very popular 70E model has led the industry in fast offshore and very long-distance cruisers. That industry hallmark has been reimaged using all that we have learned in our leadership to Full Stack Infusion© processes still a mystery to the majority of builders.**

**This enclosed Command Bridge model was built with custom construction design to include a hydraulic bow pulpit and custom hydraulic lifting/hinging swim platform. The interior of the Command Bridge operations center includes state of the art electronics, a beautiful dining settee along with an exquisite day head.**

**The interior volume is amazing with teak and holly high gloss floors and ultraleather seating surfaces in the salon and pilothouse. The fit and finish is a tribute to the renaissance period in every nook and cranny. The country kitchen is as large as many luxury homes with a panoramic view for the chef and lucky guests while serving as preparation center for scrumptious meals.**

**This luxurious three stateroom yacht includes a master stateroom with a king size centerline fore and aft bed with two heads aft. Top of the line amenities are designed into the lower deck aft crew quarter.**

**Built with pride by our own artisans to a standard perhaps three other builders on earth can approach and a worthy successor to her. Complete with Caterpillar C-32 1800 hp engines, she is capable of speeds in excess of 30 knots.**
